Thank you for choosing **Professional Speech & Language Therapy, Inc.** to help your child achieve his/her speech and language goals. We realize that you have options regarding speech therapy for your child and we are happy that you selected us to assist your child in achieving their goals!

The new client paperwork packet includes important information about the scope of practice of speech-language pathology; as well as financial, attendance and privacy policies. Please take time to complete the Child Case History Questionnaire as detailed as possible in order to assist with the development of the most accurate treatment plan for your child.

Additionally, if your child has had any recent evaluations completed by other health care professionals, including but not limited to, an Audiologist, ENT or Speech Pathologist, please provide copies of all reports so that we are able to capture the whole picture of your child. Please notify us if your child has a current/active IEP or IFSP.

Looking forward,

Speech-Language Pathologist
